First time this unit has come on the market. The original owners have been giving special care to this 4 bedroom 3 FULL bath condo and it shows! But best of all, you couldn't be any closer to the trails unless you were standing on one. Take 3 steps and you're putting on your skis and on your way to the lift! On the way home, ski right to the front door. It doesn't get any easier. Inside this home you will find high end quality furnishings to go along with the ceramic tile, cathedral ceiling and many upgraded appliances. Don't feel like skiing? Sit on your 40 foot wrap-a-round deck and watch the skiers go past. There are very few of these units that EVER come on the market...check it out.
